At the stop, there is a digital display in the second (rear)

tram shelter that indicates in how many minutes the next tram will arrive in the direction of Amalienburgstraße.

Arrival by car

Across from the Botanical Garden (Menzinger Straße 65) is a small parking lot. Three parking spaces for persons with physical disabilities are located directly in front of the Botanical Institute (Menzinger Straße 67).

In addition, there are larger parking areas in the Northern and Southern Schlossrondell of the Nymphenburg Palace. Access to us is then via the main entrance at Menzinger Straße 65. You can reach our main entrance on foot via Maria-Ward-Straße in about 15 minutes.
